The Foundry Arts Space

...is a significant venue for the promotion and display of a wide variety of arts and cultural endeavours to the community and visitors to Echuca Moama.

Initially formed in 2011 as Echuca Moama Arts Initiative (EMAI) with a vision to support and encourage the development of arts in the Echuca Moama community, the gallery is successfully operated entirely by volunteers. Now known as The Foundry Arts Space, a diverse range of events and exhibitions have been presented to over 10,000 Echuca Moama locals and visitors yearly.

The Campaspe Shire made available and renovated our historical, heritage foundry building in 2014 to provide a permanent community gallery space.

President: Judi Lawler
Secretary: Kristen Dyer
Exhibitions: Jenny Williams
Penny Silver
Kerry Williams

Exhibitions change every few weeks. Check the website and social pages for updates. Regular updates, exhibitions calendars and quarterly newsletters are emailed to members, available online and also inside the gallery. Exhibition opening events are catered and open to all. They are a great way to mingle with artists and like minded arts supporters.

Expressions of Interest form for exhibitors and the calendar of exhibitions can be found on the website. Members can exhibit and sell their most recent artwork free of cost at scheduled members gallery times. Exhibitors are asked to complete a few volunteer shifts during their exhibition.

Some VolunteeringOpportunities

The Foundry Arts Space is supported by a growing band of member volunteers who have a wide range of skills and experience not necessarily in the arts but who are interested in supporting community arts in our region.

Exhibitions: Our exhibitions are supervised by volunteers who sit in for 3-hour sessions; morning and afternoon or a single 4-hour session, to meet visitors and complete sales etc. Plan your diary around available shift blocks.

Exhibition Curating & Management: Interested in how exhibitions and events are set up and curated? Join the team that plans and hangs the exhibition. Work with artists and experienced curators and get an advanced viewing! Help to set up our displays in local restaurants.

Catering: Prepare and set out drinks and nibbles before exhibition openings or help maintain the food & beverage stock.

Cleaning & General DIY Odd Jobs: There's always something to do. We need help making sure the space and facilities are clean, dusted, repaired or painted and generally sorted out.

Marketing & Publications: Help with the newsletter, social pages, website or direct marketing. Offer new ideas for promotion of the arts in the region to locals and visitors to Echuca Moama.

Building Management: Ongoing plans to improve the Foundry Arts Space making it more effective as a gallery, include the expansion and development of community craft workshop and education spaces.

To become a member and/or volunteer, send an email to admin@thefoundryartsspace.org.au, apply in person at the gallery or online via the website: thefoundryartsspace.org.au

Sponsorship & Grants: Volunteer grant writers tap into grants for the ongoing development of the Foundry and other arts events. We need to attract permanent sponsorship for the running of the Foundry gallery.

Administration & Finance: A viable and financially secure community run organisation, we require the roles of Chairperson, Treasurer, Secretary and Admin. We value support from volunteers with IT, governance and other skills.

Committees & Sub Committees: Help with the effective management and day to day running of this community-based arts organisation. Immerse yourself while surrounded with like minded people.
